

Quality Policy (9001:5.3)

Prospool is committed to supplying conversion services and tape products that totally satisfy its customers and all regulatory obligations. Activities key to achieving this include:

- Embedding a culture of continuous improvement using “Plan-Do-Check-Act” (PDCA) methodology, especially with respect to Quality Objectives
- Marshalling of resources to respond to changing market forces and opportunities
- Ongoing staff training to achieve high competence levels
- Only making commitments we fully understand and believe we can meet
- Focusing on positive and creative relationships both internally and externally.

Implementation of this policy will be assisted by the maintenance and continual improvement of a Quality Management System to EN ISO9001:2008.

Richard Hobson
Managing Director
